

WHAT SHOULD GO IN THE DIFFERENT BAGS?

Clean plastic packaging

Plastic bags

Plastic containers/
plastic pots/plastic tubs

Plastic packaging from meat,
fish, fruit, vegetables, etc.

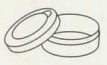

Plastic bottles for
detergent/shampoo/
sauces

Plastic flowerpots

Coffee bags/crisp
packets

Snuff pots

RINSE THE PLASTIC
IN COLD WATER IF DIRTY

Remember
to tie with a
double knot!

Food waste

Peelings/cores

Bread

Teabags/coffee filters/
coffee grounds

Seafood

Leftover meat/bones

Eggshells

Small amounts of
soiled kitchen paper

Nutshells

Residual waste

Nappies

Cooled ashes/barbecue charcoal

Pot plants/flowers

Candles

Broken toys

Worn-out fabric/clothes/shoes

CDs

Ballpoint pens

Plastic tubes

Cigarette ends

Soiled plastic and paper

Normal shopping bag

Place the three bags in the same
container

Remember!

- Tie all bags with a double knot
- Blue bags for plastic packaging
- Green bags for food waste
- Normal shopping bags for residual waste
- Put all the bags in the same bin, marked for this purpose
- Loose and oversized waste should not be put in the bin but brought to a recycling station

Collect a supply of blue and green waste bags free of charge from most supermarkets

Remember also to separately sort glass and metal packaging, paper/cardboard, hazardous waste, EE waste and garden waste. Clothes and shoes that are not worn out can be handed over for re-use.

Find out how to sort your waste.
